Attachements	A. Strip Map - (may be eliminated if Vicinity Map on Cover Sheet is adequate) B. Typical Section(s) C. Proposed Project Schedule (PMCS-PYRS screen) D. Categorical Exemption/ Exclusion Form E. Right of Way Data Sheet F. Scoping Team Field-review Attendance Roster H. STRAIN Data/Supplemental Bridge Report J. Advance Planning Study K. Structural Section Recommendation (Memo from District Materials Unit for widening, realignment, etc.) - (as appropriate) L. SHOPP output Table Rehabilitation Strategy: Design Exceptions Environmental Compliance Hazardous waste disposal site required? If yes, where are sites? Other Agencies Involved (Permits/Approvals from Fish & Game, Corps of Engineers, Coastal Commission, etc.): Materials and or disposal site needs and availability? Highway planting and irrigation: Roadside Design and Management: Stormwater Compliance: Right of way Issues: include in guidance: Railroad Involvement: Salvaging and recycling of hardware and other non-renewable resources: Prolonged temporary ramp closures: Recycled Materials: Local and Regional Input: What are the consequences of not doing this entire project? List all alternatives studied, cost, reasons not recommended, etc.:	A. Strip Map - (may be eliminated if Vicinity Map on Cover Sheet is adequate) B. Typical Section(s) C. Proposed Project Schedule (PMCS-PYRS screen) D. Categorical Exemption/ Exclusion Form E. Right of Way Data Sheet F. Scoping Team Field-review Attendance Roster H.
