

## **Memorandum of Understanding To Participate in the Desert Managers Group**

### **A. Purpose**

The purpose of this Memorandum of Understanding (MOU) is to set forth the intentions of the parties, insofar as they are compatible with each agency's primary mission, to participate in and carry out the mission of the California Desert Managers Group (DMG) as provided for in its Charter dated September 2005. The purpose of the DMG is to provide a forum for government agencies to work together to conserve and enhance the California Deserts for current and future generations. Through cooperative management, each agency achieves greater operational efficiency, enhances resource protection, and better serves the public. The mission of the DMG is to:

1. Develop coordinated and complementary management guidelines, practices, and programs.
2. Coordinate and integrate efforts in the California Desert to:
  - a. Conserve and restore desert resources;
  - b. Provide high quality recreation, public education, and visitor services;
  - c. Provide for safety of desert users.
3. Develop and integrate the databases and scientific studies needed for effective resource management and planning.
4. Promote compatibility in the application of each agency's mission.

It is agreed that the DMG may modify its Charter from time to time as experience is gained in carrying out its mission. The DMG will conduct a formal review of the Charter every 5 years.

This MOU is intended as a guide to carrying out the intentions of the parties and does not commit funding for any project.

#### B. Geographic Scope
