## Pavement & Materials Partnering Committee

**Meeting Minutes:**

**Attendees:** Marco Estrada, Ragu Thangavelautham, Guadalupe Magana, Allen King, Dennis McElroy, Christina Pang

**Bin List Discussion – GHG Calculator, SB1 Committee, Additional Descriptions**

- ATG had some questions about the bin list and wanted more detailed for bin list items. The STG added additional information to the bin list item
- Currently, 16 items on the bin list. Some items on the bin list still need Purpose

- Action Item: Allen/Marco fill out Purpose column in the Bin List
- The executive committee wants to delegate the GHG calculator bin list item to the SB-1 committee. There are different Caltrans SB-1 committees.
- Action Item: Ragu will provide contact information and general information on the SB-1 committee to Allen.

### **New Scoping Document - CCPR Bin List Item**

- Action Item: Allen will send the CCPR scoping document to the group for review
- Discussion on who will be the Chair for the CCPR nSSP/pilot project working group
- Concern over completing the Bin List items because everyone is busy with limited available man hours. May need to bring in more people.
- For now, focus on completing a scoping document. Will figure out who will chair the working group later
- Action Item: Marco will check with ATG with regards to resources to support recycling task group.

### **PID/PIR Discussion**

- Wants to update language in PID/PIR. Currently, the PID/PIR have some language on recycling techniques. Will have meeting in a few weeks for more details

### **Membership**

- Must be a member of STG to chair a working group
- Industry is allocated four members. Don will no longer be part of the group, so still two open positions on industry side
- New members in the STG could be approved by the STG
- Action Item: Marco/Dennis will provide a list of candidates for the STG by next Tuesday
- Meeting early next week to discuss outcome of the plastic pilot project
