Bridge Design

Mina Pezeshpour

Supervising Bridge Engineer

Districts & Counties

District-7 - Los Angeles (Los Angeles and Ventura)

District-8 - San Bernardino/Riverside (Riverside and San Bernardino)

District-11 - San Diego (San Diego and Imperial)

District-12 - Santa Ana (Orange)

Scope of Services

Deliverables include the following type of work, but not limited to:

Engineering Studies producing Project Development and Design products

Deliverables to support the preparation of the Project Report

Developing Design Plans, including design calculations, quality reviews, constructability reviews, Quantities and review of the Specifications during PS&E stage (Plans, Specifications and Estimate)

Scope of Services continued

Deliverables include the following type of work, but not limited to:

Work with the Caltrans Contract/Task Order/Construction Manager for design support during the construction phase

Preparing a Bridge Load Rating analysis report based on the final as-built condition.

If required by the project team, the consultant may be required to:

Deliver Building Information Model(s) (BIM)

Furnish a BIM Execution Plan

Engage in model-based design review and revision processes

Provide BIM Coordination and/or BIM Management services

Cost Estimating for PS&E or Project Report phase for all cost items in construction project(s).

Scope of Services continued

Deliverables include the following type of work, but not limited to:

Americans with Disability Act (ADA) compliance for transportation facilities and rights-of-way, which includes work on site assessments, Project Report and PS&E.

Drafting services for PS&E or other project drawings.

Bridge Hydraulics & Bridge Scour engineering deliverables including stamped hydraulic reports.

Bridge Load Rating analysis and report in accordance with the Caltrans Bridge Load Rating Manual (BLRM) and the AASHTO Manual for Bridge Evaluation (MBE).

Scope of Services continued

Deliverables include the following type of work, but not limited to:

Americans with Disability Act (ADA) compliance for transportation facilities and rights-of-way, which includes work on site assessments, Project Report and PS&E.

Drafting services for PS&E or other project drawings.

Bridge Hydraulics & Bridge Scour engineering deliverables including stamped hydraulic reports.

Bridge Load Rating analysis and report in accordance with the Caltrans Bridge Load Rating Manual (BLRM) and the AASHTO Manual for Bridge Evaluation (MBE).

Scope of Services continued

Deliverables include the following type of work, but not limited to:

All design tasks including, but not limited to, highway bridges, railroad bridges, earth retaining structures, underground structures, soundwalls, overhead sign structures, bridge railings and transitions, cable-stay bridges, movable bridges, segmental bridges, arch bridges, tunneling, high-end analysis, and accelerated bridge construction may be assigned as work under this contract.

Other design tasks, including but not limited to any roadside structure as well as ancillary structures to support or house intelligent transportation systems.

CALMENTOR PROGRAM -
SOUTH REGION

Presented by Marta Uranga

9/21/23

Calmentor Program – Background

Senate Bill 103: Mandated the increase of procurement opportunities for Small Business (SB), Disadvantaged Business Enterprise (DBE) and Disabled Veterans Business Enterprise (DVBE) and create outreach programs and activities such as the Calmentor Program

Calmentor Steering Committee is formed by large and small firms, and members from Caltrans from their pertaining district; ready to reach out to you to make this program successful

Large and small firms pair up into a mentorship agreement; builds relationships between both large and small firms

Goals & Objectives:

Establish a mentoring Program that pairs small firms with larger, established firms in the same field of expertise

Enhance the growth potential of small firms

Ensure that both small and large firms have equal opportunities to participate in transportation projects

Establish a clear, accessible entry point for small firms that want to do business with Caltrans or other public agencies

Develop business relationships that foster new opportunities for both large and small firms

Encourage small firms to obtain certification from appropriate agencies

Increase the pool of small businesses

Voluntary Program through acceptance and screening of completed applications from mentors and protégés

Participants

Caltrans South Region – supports and facilitates all program related activities.

Steering Committee Members – Made up of mentors, protégés, and the Chief of NRCSU.

Mentors – Established firms willing to commit time to help small firms achieve their growth potential.

Protégés – Small firms seeking growth potential in the transportation marketplace.

ACEC California – a lead organization of private sector engineering and land surveying firms. (Redwood, North Coast and Sierra Chapters)

Networking & Partnering Opportunity

A list of all of today's attendees will be posted on the DPAC Website with Prime-Consultants and Sub-Consultants for your reference.

Utilize the list to form your potential team partners.

Are you planning to be a:

Prime or sub-consultant and

Primes to possibly host teaming WebEx?

Question & Answer Session

Compose your questions in the chat box to EVERYONE.

Outreach information including questions and answers will be posted on DPAC A&E website:

https://dot.ca.gov/programs/procurement-and-contracts/ae_contract-information/a-e-outreach-events
