

Interstate 5 | Avery Parkway to I-5/I-405

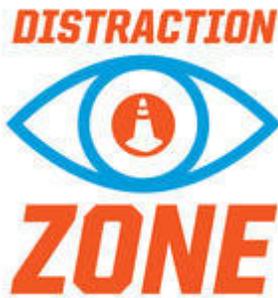

CALIFORNIA DEPARTMENT OF TRANSPORTATION

CALTRANS DISTRICT 12 | Pavement Restoration Project - Fact Sheet

Project Description

Caltrans has begun restoring pavement from 0.1 mile South of Avery Parkway Overcrossing to 5/405 Separation through the cities of Mission Viejo, Laguna Niguel, Laguna Hills, Lake Forest and Irvine (El Toro “Y” to Avery Parkway). This \$7.5 million Federal Aid Project includes concrete slab replacement, grind and groove concrete pavement, shoulder and on/off ramp work, loop detectors replacement, modify traffic signals modification, signage upgrades and pavement delineations. The Project has 250 working days actual construction started March 21, 2016 and completion by Spring 2017. Security Paving Company Inc. is the contractor.

Project Benefits

The ride quality, safety characteristics, and structural integrity of the roadway within the project limit will be preserved.

Planned Closures

Lane closures will occur as work is performed between 10 p.m. – 5:00 a.m. weekdays and occasionally Friday and Saturday 10 p.m. – 8:00 a.m. There will be no full freeway closures. There will be ramp closures necessary for the maintenance work and detour signs will be posted to alert motorists.

Disclaimer: Due to unforeseen operational factors or inclement weather, these dates and times may change.

California law requires vehicles to safely reduce speed, move over, and merge into unoccupied lanes when emergency vehicles, construction vehicles, or tow trucks are displaying flashing warning lights.

Caltrans reminds motorists to use extra caution and reduce speeds when driving through construction zones.
