FOR IMMEDIATE RELEASE

More Than \$127 Million Allocated to Improve and Maintain California's Multimodal Transportation System

LOS ANGELES — The California Transportation Commission (CTC) has adopted 49 projects, valued at more than \$127 million, to support needed upkeep on California's aging roads and bridges, make upgrades to transit and rail systems and encourage use of alternative forms of transportation, including biking and walking.

"Caltrans is working to ensure every dollar counts when it comes to California's transportation infrastructure," said Caltrans Director Malcolm Dougherty. "Although we must not forget that our state highway system's needs still exceed what resources are currently available, all these investments will benefit Californians now and for decades to come."

The newly allocated funding includes \$47.4 million from the State Highway Operation and Protection Program (SHOPP) for 14 "fix-it first" projects that will repair bumpy pavement, preserve roads that are in good condition from deteriorating and upgrade bridges to make them safer and stronger. Most of California's highways are more than a half-century old; carry nearly half of the nation's container freight — heavy loads that pound California's highways more than any other state; and sustained 190 billion vehicle miles travelled in 2015.

Other allocations include:

- \$32.6 million for eight capital improvement projects both on and off the state highway system as part of the State Transportation Improvement Program (STIP).
- \$25.6 million toward 21 Active Transportation Program projects.
- \$20.8 million for Transit and Intercity Rail Program projects.

The remaining funding allocations came from assorted transportation accounts funded by state and federal dollars.

Among the projects that received funding allocations Thursday were the following:

NEWS RELEASE

PAGE 2

- \$1.9 million for the Los Angeles County Metropolitan Transportation Authority (Metro) to build improvements at Los Angeles Union Station to allow the Red Line and Purple Line subway lines to offer more frequent service.
- \$2.2 million for the city of Baldwin Park to construct “complete streets” improvements along Maine Avenue from Los Angeles Street to Arrow Highway. The scope includes installation of Class II bike lanes in both directions, curb extensions and continental crosswalks at 13 intersections, sidewalk extensions along the entire corridor, pedestrian count-down signals at five intersections, pedestrian scaled lighting and ADA improvements.
- \$2 million for the city of Pomona to build a Downtown Bicycle and Pedestrian Improvements Project. The project will construct 14.5 miles of new bikeways and enhance pedestrian safety through crossing improvements at eight major intersections. Bicycle improvements include 3.8 miles of Class II buffered bike lanes and 2.9 miles of Class II bike lanes on several streets.
- \$1.35 million for the city of Lancaster to make improvements on 5th Street East, from Avenue H-8 to Avenue J-4. The scope includes curb bulb-outs with ADA-compliant curb ramps to enhance the safety of pedestrians and bicyclists, and new traffic striping to buffer the bike lanes along the corridor.

Please see the attached file for more information about all projects that received allocations.

BE WORK ZONE ALERT

List of Projects Going Forward for CTC Allocation

January 2017 CTC Meeting

Proj No	District	County	Route	PPNO	EA	Project Description	Recipient	Allocation Amount
SHOPP/Minor Projects								
1	01	MEN	101	4564	0B830	In Willits, from south of Willits Creek Bridge to north of Casteel Lane. Upgrade 10 pedestrian curb ramps and 1,162 linear feet of sidewalks to make compliant with the Americans with Disabilities Act (ADA).		\$2,408,000
2	03	BUT	70	2287	4F050	Near Oroville, from 0.2 miles east of Route 191 to West Branch Feather River Bridge. Rehabilitate 12.4 lane miles of pavement with asphalt overlay to extend pavement service life and improve ride quality.		\$4,995,000
3	03	SAC	50	6235	3F930	In and near Rancho Cordova and Folsom, from 0.2 mile west of Bradshaw Road to Folsom Boulevard at various locations. Improve safety for highway workers at 21 locations by paving narrow roadside areas, place vegetation control, and install roadside signs.		\$1,715,000
4	04	SON	1	1770A	4S920	Near Jenner, 0.1 mile south of Russian River Bridge. Permanent restoration of landslide that damaged roadway and slope. Construct a soldier-pile retaining wall, a subsurface drainage system, and widen roadway and shoulder.		\$2,350,000
5	05	SLO	1	4928W	49283	Near San Simeon, from the Arroyo de la Cruz Bridge to 0.3 mile north of the Arroyo de la Cruz Bridge. Environmental mitigation project for 503 pounds of seed collection and plant propagation to be used for erosion control and to meet permit requirements for roadway construction project (EA 49280).		\$549,000
6	05	SLO	46		1H280	In San Luis Obispo County, near Paso Robles from 0.1 mile East of Route 1 to Theatre Drive. Remove existing edge line stripe and replace it with an edge line rumble strip.		\$538,000
7	06	FRE	180	6680	0Q510	Near Mendota, at Fresno Slough (Kings River-Whites Bridge) No. 42-0041. Conduct bridge preventative maintenance by performing grout injection of the soil below the bridge approaches to combat scouring that has caused pavement failures, repaving the bridge approaches, and upgrading bridge railing to current standards.		\$1,339,000
8	06	KER	46	6601	0K460	Near Wasco, at Route 46/99 Separation Bridge No. 50-0184E from 0.5 mile west of Route 46/99 Separation to 0.1 mile east of Route 46/99 Separation; also on Route 99 from PM R43.9 to 44.6. Replace bridge and realign southbound ramps to address structural deficiency and improve functionality and traffic operations. This project has been identified as		\$25,465,000
9	06	MAD	99	6675	0Q610	In and near the cities of Madera and Chowchilla, from Route 145/99 Separation to the N99 & 233 Connector at various locations. Improve safety for highway workers by placing asphalt beyond gore areas, constructing maintenance vehicle pullouts, removing and replacing chain link gate and fence, replacing existing guard rail with midwest guard rail and concrete barrier, and installing 21 roadside		\$2,558,000
10	08	RIV	15	0014J	1C220	In and near Temecula, from the San Diego County line to the southbound on-ramp at Rancho California Overcrossing. Minimize the frequency and duration of highway worker exposure to traffic by relocating irrigation facilities, installing maintenance vehicle pullouts (MVPs), installing vegetation control under guard rails and gore points, and installing maintenance access roads and gates to improve safety for		\$1,361,000

11	08	SBD	60	0218H	1C180	In Chino, from the Los Angeles County line to Monte Vista Avenue. Minimize the frequency and duration of highway worker exposure to traffic by relocating irrigation facilities, installing maintenance vehicle pullouts (MVPs), installing vegetation control under guard rails and gore points, and installing maintenance access roads and gates to improve safety for highway workers.		\$1,313,000
12	08	SBD	60	0033Q	1C170	In Chino, from Monte Vista Avenue to Benson Avenue. Minimize the frequency and duration of highway worker exposure to traffic by relocating irrigation facilities, installing maintenance vehicle pullouts (MVPs), installing vegetation control under guard rails and gore points, and installing maintenance access roads and gates to improve safety for highway workers.		\$1,182,000
13	08	SBD	60	0219F	1C190	In Chino, from Benson Avenue to San Antonio Avenue. Minimize the frequency and duration of highway worker exposure to traffic by relocating irrigation facilities, installing maintenance vehicle pullouts (MVPs), installing vegetation control under guard rails and gore points, and installing maintenance access roads and gates to improve safety for highway workers.		\$1,455,000
14	08	SBD	138	0238P	0J851	Near Silverwood Lake, at Horsethief Creek Bridge No. 54-0816. Environmental mitigation work to monitor and maintain plant establishment for five years as required to meet permit requirements for bridge replacement project (EA 0J850). Work will be done by California Conservation Corps (CCC).		\$180,000
14 Projects							Total	\$47,408,000
STIP Projects								
1	01	MEN		4561		In Ukiah, at the intersection of Gobbi Street and Waugh Lane. Construct traffic signal, ADA curb ramps and repave pavement.	City of Ukiah	\$90,000
2	04	NAP	128	2130M	3K540	In Calistoga. Install traffic signal and various ADA compliant pedestrian improvements at the State Route 128/Petrified Forest Road Intersection.	City of Calistoga	\$105,000
3	05	MON		2573	T356TA	Purchase full-size buses for Monterey-Salinas Transit.	Monterey-Salinas Transit	\$2,000,000
4	05	SB		1914			Santa Barbara County Association of Governments	\$640,000
5	06	Fre		6L01		Planning, Programming and Monitoring.	Fresno Council of Governments	\$322,000

4	VAR	Var		CP018	T358GA	Purchase of eleven zero emission transit buses and ten zero emission vanpool vehicles to be operated by Antelope Valley Transit Authority and Kern Regional Transit within Los Angeles County and Kern County.	Antelope Valley Transit Authority	\$6,481,000
4 Projects							Total	\$20,838,000
Active Transportation Program (ATP) Projects								
1	01	HUM		2444A		Construction of speed humps, traffic calming circle, and new sidewalk infill and replacement, as well as installation of new school zone signage, pavement markings and ADA ramps. Creation of a Walk/Bike Safe Routes to School map.	City of Arcata	\$22,000
2	03	ED		1221		From the existing Class I path at the Al Tahoe Boulevard/Johnson Boulevard Intersection east to the Route 50/Al Tahoe Boulevard Intersection. Construction of bicycle and pedestrian safety improvements, including enhanced crossings and travel lane reconfigurations to accommodate Class I and Class II facilities to close a facility gap.	City of South Lake Tahoe	\$117,000
3	03	PLA		1525		Construct new ADA-compliant sidewalk and replace non-compliant sidewalk, new curb and gutter, 5' bike lanes, irrigation and new trees, new street lighting and four in-road warning lights at the crosswalks. Along Taylor Road between Horseshoe Bar Road and just south of Oak Street.	Town of Loomis	\$1,436,000
4	03	SAC		1683		Located at the northern terminus of the Oak Parkway Trail at Natoma Street extending to the Historic Powerhouse Canal and Johnny Cash Trails. Provide a grade separated crossing at Natoma Street and construct Class I Bike Trail.	City of Folsom	\$882,000
5	03	Yol		1921		West Capitol Avenue, Enterprise Boulevard, Linden Road/Redwood Avenue, Jefferson Boulevard, Lighthouse Drive, Reed Avenue, Gateway Drive, Lake Washington Drive, and 15th Street. Install striping and signage and related improvements to add new bicycle lanes and close gaps in the existing network.	City of West Sacramento	\$401,000
6	04	ALA		2190R		Construction of Class II bicycle lanes, widened sidewalks, crosswalks enhancements, and a landscaped median.	City of Oakland	\$150,000
7	04	CC		2122B		This project constructs a section of the San Francisco Bay Trail in the City of Pinole between Pinole Shores and Bayfront Park, a distance of approximately 0.5 mile.	East Bay Regional Park District	\$4,000,000
8	04	SF		2023F		In the City and County of San Francisco. Implement a pilot proposal that includes innovative educational, encouragement, and evaluation activities and deliverables.	San Francisco County DPH	\$2,411,000

9	05	SB		2599		Along Cacique Street from Salinas Street on the east to Alisos Street on the west and along Soledad Street from Cacique Street in the south to Montecito Street to the north in the City of Santa Barbara. Replace one existing wooden pedestrian bridge at Cacique Street and install one new pedestrian/bike bridge at Soledad Street. Remove barriers, improve lighting, install ADA compliant sidewalks, curb and ...	City of Santa Barbara	\$2,153,000
10	05	SB		2603		This Project is located on Montecito/Yanonali Street over Sycamore Creek in City the City of Santa Barbara. the proposed project will demolish the existing vehicular bridge and construct a new vehicular bridge with a sidewalk along the east side as the existing bridge has no sidewalks, and no shoulders for pedestrian use. The intersection of Montecito and Yanonali Streets will be converted to an all-way stop.	City of Santa Barbara	\$2,845,000
11	05	SB		2672		Isla Vista Elementary School at intersection of El Colegio Road and Storke Road to Phelps Road through the North Campus Open Space. Construct 1.2 miles, permeable, recreational trail, span bridges, boardwalk and culverts.	University of California Santa Barbara <u>Regents of the</u>	\$2,449,000
12	07	LA		4537		This project consists of construction of Class II bike lane and bike racks along southbound Vermont Avenue in the unincorporated West Athens Community from Manchester Boulevard to El Segundo Boulevard.	Los Angeles County	\$676,000
13	07	LA		4881		This project is on 5th Street East, from Avenue H-8 to J-4. The scope includes curb bulb-outs with ADA compliant curb ramps at several locations along 5th street increasing safety of the pedestrian and bicyclist. New traffic striping will be installed to buffer the bike lanes along the corridor.	City of Lancaster	\$1,353,000
14	07	LA		5053		Downtown Bicycle and Pedestrian Improvements Project. The project will construct 14.5 miles of new bikeways and improve pedestrian safety through crossing improvements at 8 major intersections. Bicycle improvements include 3.8 miles of Class II buffered bike lanes on Garey Avenue and San Antonio Avenue, 2.9 miles of Class II bike lanes on Garey Avenue, San Bernardino Avenue, Ridgeway	City of Pomona	\$2,010,000
15	07	LA		5123		Construction of sidewalks, signs and crossings for one school. There will also be a new pedestrian crossing and other safety features.	City of Rosemead	\$702,000
16	07	LA		5186		Construct complete streets improvements along Maine Avenue from Los Angeles Street to Arrow Highway. Installation of Class II bike lanes in both directions, Road Diet, Curb extensions at all 13 intersections, Sidewalk extensions along the entire corridor, continental crosswalks at 13 intersections, pedestrian count-down signals at 5 intersections, Pedestrian scaled lighting, and ADA improvements.	City of Baldwin Park	\$2,201,000
17	08	RIV		1194		Providing curb, gutter, sidewalk, and dirt trails along Martin Street, 48th Street, and Troth Street along with LED crosswalk flashers and curb bump outs.	Jurupa Valley	\$4,000
18	08	RIV		1203		Installation of Class II and III bike lanes, Sidewalk, Pedestrian Ramps, and Four-Way Stop.	City of San Jacinto	\$10,000
19	08	RIV		1205		Construction of a Multi-Use trail adjacent to Grand Avenue.	City of Wildomar	\$1,223,000
