The night time closures are necessary to minimize traffic delays and provide a safe work zone for construction crews and motorists while working along the I-210. Flatiron West, Inc. is the contractor on this \$148.5 million project. Construction signs and changeable message signs will be in place to alert motorists to construction activities and closures. Motorists should anticipate delays, plan ahead and use alternate routes. Caltrans appreciates your patience while we work to improve I-210. Motorists are advised to **“Be Work Zone Alert.”**
