FOR IMMEDIATE RELEASE

ROUND 7: NINE, 54-HOUR CLOSURES OF NORTHBOUND I-710 CONTINUE THIS WEEKEND

LOS ANGELES – The California Department of Transportation (Caltrans) District 7 reminds motorists that all lanes of northbound Interstate 710 (Long Beach Freeway) will be closed for two more weekends as crews pour 1,000 cubic yards of concrete adjacent to the slabs as part of an ongoing pavement replacement project. Northbound I-710 will be closed between Interstate 5 (Santa Ana Freeway) and State Route 60 (Pomona Freeway) each weekend from 10 p.m. on Fridays until 4 a.m. on Mondays, weather permitting.

Detours will be posted for the northbound closure. The northbound I-710 connector to northbound I-5 will be open.

Motorists are advised to avoid the area and encouraged to use Interstate 110 or Interstate 605 as alternates. The local street detour for those headed to East Los Angeles will follow Olympic Boulevard and Eastern Avenue. (see map)

As part of a \$120 million pavement replacement project on the Long Beach Freeway (Interstate 710) from the Century Freeway (Interstate 105) to the San Bernardino Freeway (Interstate 10), this project is installing precast concrete panels as well as concrete slabs in various traffic lanes and locations, upgrading the median barrier and constructing maintenance pullouts along the route to enhance safety for maintenance crews.

Shimmick/Myers and Sons, JV Construction on the project, which began in August 2012 and is expected to be completed in 2017.
