

Four Bridges Project

Ohman Creek

Elk Creek

Bridge Creek

Bear Creek

Need and Purpose

The purpose of this project is to upgrade existing bridge railing to current standards and widen bridge decks to provide a minimum shoulder width of 4-feet at 4 locations on Route 254 in Humboldt County.

These locations include:

Location 1

Ohman Creek Bridge (PM 0.88)

Location 2

Elk Creek Bridge (PM 10.43)

Location 3

Bridge Creek Bridge (PM 10.80)

Location 4

Bear Creek Bridge (PM 43.02)
