FOR IMMEDIATE RELEASE

STATE ROUTE 299'S CAPSTONE PROJECT GOES INTO WINTER SUSPENSION

REDDING- The California Department of Transportation, Caltrans District 2, along with contractor Steve Manning Construction, Inc., are suspending construction on State Route 299's Buckhorn Grade (Capstone Project) for the winter season.

Although there won't be daily traffic control between Redding and Weaverville on SR 299, crews will continue to monitor the project for any storm-related or water quality issues. Please be advised, work during the winter season is commonly weather dependent and lane closures may be ordered with short notice.

Caltrans will provide updates on its website, www.caltrans2.info, on its hotline, (530) 225-3452, and on Twitter @ CaltransD2. The public is urged to use these resources to receive the most current information on the project.
