Footnotes:

* Balances entered the 3rd year October 1, 2011, and subject to reprogramming on November 1, 2012. The February 28, 2013 balances include the federal fiscal year 2013 Revised "Advance" apportionments (dated February 22, 2013).

¹ Indicates all apportionments not yet obligated.

² Totals reflect balances in the third year.

³ These Regions are in air quality attainment and cannot use CMAQ apportionments. These Regions have balances which are deobligations of closed out projects. It is anticipated that any CMAQ balance that accumulates in a Region in air quality attainment will be included in a future CMAQ rescission or transferred to another Region that over-delivered prior to the end of the current federal fiscal year.
