Dear Mr. Sanchez:

The Department of Transportation (Caltrans) received a bid from Sully-Miller Contracting Company (Sully-Miller) for contract 08-0F6604 on February 27, 2014. By this letter, Caltrans notifies Sully-Miller that its bid is nonresponsive.

Caltrans 2010 revised Standard Specifications, Section 2-1.33C states in part, "...*The Subcontractor List must show the name, address, and work portions to be performed by each subcontractor listed. Show work portions by bid item number, description, and percentage of each bid item subcontracted*". In the Percentages of Bid Items Subcontracted, Sully-Miller failed to list the bid item number for work subcontracted to Surface Systems & Instruments.

In addition to the omission above, Sully-Miller on bid day identified Our Valley Fence to perform work described as temporary fence, treated wood work and guard rail. However, on its 24hr Subcontractors list form enlarged the scope of work to include bid item 50, Joint Seal (Preformed Compression). In addition, on bid day identified The Landscape Center to perform work described as tree relocation and plant establishment. However, on its 24hr Subcontractor List form changed the scope of work to street sweeping and reset markers and delineators. The inclusion of the of the additional items after submission of the bid, which changes the scope of work listed on bid day, is a violation of the bidding instructions as well as the Public Contract Code.

Based on the above, Caltrans will proceed to award the contract to the lowest responsible bidder provided that all requirements are met.

Your attention is directed to Section 3-1.04 of the 2010 Standard Specifications. Caltrans is not obligated to offer an extension of the award period for a nonresponsive bid. Should you wish to extend your bid while resolving a nonresponsive finding, you must send your request to the Office Engineer no later than 4:00 p.m., two business days prior to the expiration of your bid.
