**This proposal is subject to all Terms and Conditions below.**

**TERMS AND CONDITIONS OF CONTRACT:**

In this agreement Sublet means LMS Transport (LMS) & LMN Incorporated (LMN). Owner means owner and/or any general contractor (customer) and/or agent or owner. This is a proposal per owner's request, not a complete property evaluation.

1. Standard Exclusions: Engineering, Soils Test, Permits, Compaction Test and/or Inspection Fees unless noted.
2. Prices are firm for thirty (30) days from the date of the proposal unless otherwise stated.
3. Owner agrees to indemnify Sublet from any claim or suit for bodily injury or property damage arising from the design construction or installation of speed bumps or wheel stops.
4. Any changes required by owner shall be authorized in writing and paid by owner at Sublet prevailing rates unless quoted and agreed upon in writing.
5. Owner agrees to furnish to jobsite necessary and adequate water supply at owner's expense.
6. Sublet assumes no liability for damage to underground pipes, septic tanks, cesspools or other underground structures; and any extra expense caused by the Sublet by the existence or location thereof shall be charged to buyer.
7. Owner agrees to pay attorney's and court costs in event suit is instituted to collect amounts due Sublet.
8. If work is performed according to owner's specifications of labor and materials, Sublet does not assume responsibility for the defects.
9. If work is to be performed by Sublet to provide labor and material in a workmanlike manner to accomplish the owner's purposes, Sublet agrees to repair or replace any defects of which owner gives notice to Sublet within 5 days after completion of work.
10. Delays or damage caused by building trades other than Sublet not employed by Sublet, shall be owner's responsibility.
11. Sublet shall be responsible for clean-up and removal of Sublet work and materials only.
12. If asphalt compaction tests are required by customer or agency, these must be performed while asphalt is being laid. Tests performed at a later date are not an acceptable method, and we assume no responsibility for those results.
13. Sublet is not responsible for proper drainage.
14. Grades are to be furnished plus and minus one tenth (.10) of a foot with dirt to balance.
15. Jobsite must be accessible to heavy equipment.

5. List the names of agencies and the dates on which they were contacted to provide assistance in contacting, recruiting and using DBE firms. If the agencies were contacted in writing, provide copies of supporting documents.

Name of Agency	Date of Contact	Method of Contact	Results
----------------	-----------------	-------------------	---------

**PLEASE SEE COMPLETE AGENCY ASSISTANCE LISTING UNDER TAB 6**

6. List efforts made to provide interested DBEs with adequate information about the plans, specifications, and requirements of the contract to assist them in responding to a solicitation. Identify the DBE assisted, the information provided, and the date of contact. Provide copies of supporting documents.

Information regarding access to the plans and specifications was provided in our solicitations. Plans were made available for viewing and copying at our Riverside office from 7:30AM – 5:00 PM daily. We also stated that the plans were available on the Caltrans website and provided the link. Skanska had no specific requests for assistance in regards to the plans or specifications.

7. List efforts made to assist interested DBEs in obtaining bonding, lines of credit, insurance, necessary equipment, supplies, materials, or related assistance or services, excluding supplies and equipment the DBE subcontractor purchases or leases from the prime contractor or its affiliate. Identify the DBE assisted, the assistance offered, and the date. Provide copies of supporting documents.

Skanska's Estimating, Risk Management and DBE Compliance team staff is available during regular business hours to provide requested assistance on bonding, credit and/or insurance questions upon request. Technical assistance is also available upon request. During this outreach and bid process we were not solicited for assistance.

8. Include additional data to support a demonstration of good faith efforts.

Skanska is an industry leader in regards to efforts put forth for Small Business participation. We have a full DBE Compliance staff that not only assists with each pursuit, but is part of the project team to provide continuous monitoring and assistance. For all pursuits Skanska utilizes SBE, a DBE certified company to assist us in our initial outreach and project advertising. Skanska also maintains relationships with Small Business firms by offering quarterly training sessions call "Small Business Academies." These courses are training sessions that we use to educate small businesses on proven bidding, marketing, teaming and growth strategies. Skanska also hosts Community Advisory Team meetings on a quarterly basis in strategic national markets to bring together community leaders and our DBE and executive staff to discuss community growth opportunities and solutions to problems that local small businesses have faced/are currently facing.

## Fax Status Legend

### KeyesFax

#### Status

The Status field lets you know what is happening or what has happened to each fax. There are a lot of different status messages that the system uses, this is what they mean:

#### IMGCONV JQ

The fax is waiting on the IMGCONV job queue to be converted.

#### Converting

The fax is being converted from text form to a Fax image.

#### FAXCOM JQ

The fax has been converted, now it is waiting to be faxed.

#### Cnsolidatd

The fax has been consolidated with another to the same recipient.

#### Scheduled

The fax is scheduled to be sent at the time shown on the far right.

#### Held or \*HOLD

The fax has been put on HOLD using option 3. You can restart the fax using option 9.

#### use Opt 1

The fax has a phone number of \*FAX, \*PBX, or \*LIST with multiple recipients. You can see the details using option 1.

#### Active, Running, Dialing, Connecting

The fax is in the process of trying to connect with a fax machine.

#### Sending

The fax page listed on the right is currently being transmitted.

#### Sent

The fax has been sent. The last page sent is shown under the Page field.

#### Sent?

The fax was sent, but without a confirmation from the fax machine.

#### Will Retry

The fax failed, but is scheduled to retry at the time shown on the right.

The reason for the failure can be seen by choosing option 1 (Details).

#### Resubmitted

The fax had to be started over, choose option 1 (Details) to see why.

#### No Cnctn

The fax system could not connect to the remote fax machine.

#### Lost Cnctn

The fax was transmitting, but the connection was lost.

#### Busy

The phone number called was busy.

#### No Answer

The phone number called rang, but no one answered.

#### NoDialTone

The modem picked up the phone but there was no dial tone. See the detailed description of this error later in these help screens.

## Fax Status Legend

### KeyesFax

#### No Carrier

Someone answered the phone call but it was not a fax machine.

#### Cancelled

The fax was cancelled using the Work with Fax Lines option 7.

#### Bad File, Missing, No Pages, Bad Cover

These messages mean that something was wrong with the original fax image or its coversheet. You will have to recreate the fax.

#### Bad LibL, No ICF File, BadLicense

These indicate that the system has not been installed correctly or the library has been damaged.

#### Com failed, Failed, Bad Modem

These indicate that something is wrong with the communication to the fax modem. Check to see that it is turned on and properly connected.

#### Separating

The program is separating a multi-page spooled file by phone numbers.

#### E-mailed

The fax was converted to an e-mail attachment and was e-mailed.

#### Eml Failed

The fax was converted to an e-mail attachment but failed to be mailed. You must use the Work with KeyesMail screen to determine the cause.

When a failure occurs, you will get a message sent to you that further describes what had happened. A copy of the message is also sent to the FAXCOM message queue and is described below:

#### Excessive line errors

This is caused when the remote fax machine reports that the phone line has caused too many errors on the fax scan lines. When this happens, the system will automatically send the page again. If the remote fax machine again reports too many line errors, this message is reported to you. In most cases, the recipient will be able to make out the entire fax from the 2 copies that they receive.

#### Did not connect

This means that the system contacted a fax machine but could not get a connection with it.

#### Line is busy

This means that the phone line did not ring at the destination. It got a busy signal.

#### Lost connection

This means that a fax machine was connected and the first page was transmitted, but the system lost the connection. It did not get a response from the remote fax machine saying that it had received the page. It must be assumed that the page was not received.

## Fax Status Legend

### KeyesFax

#### No connection or Did not connect

This means that the first page was not even attempted. A fax machine did answer the phone but the 2 systems could not establish a connection

#### Phone Rang, Ringing

While the fax was getting ready to be sent, the phone rang.

#### May not be Class 1 Fax modem

This is caused when the fax system asks the modem what class it is and the modem does not respond correctly. The system issues this message, then Varies OFF the Fax line and Varies it back ON. This usually resets the modem so that it again works properly. If the modem was not a Class 1 modem or if it were malfunctioning, you would get this message 6 times then the system will shut the fax line down.

#### Modem not responding

This is similar to the above explanation.

#### No Confirmation, Not Cnfrmd

At the end of each page a fax machine is supposed to confirm that it has received the page. Sometimes this confirmation is lost, due to an incompatibility with the modem that you are using. In this case, we do not resend the same page. To do so would usually result in the same page being sent, repeatedly.

#### , will retry

When this is added to a message it means that the job has been scheduled to try again in a few minutes.

#### , Job canceled

When this is added to a message it means that the system cannot complete the fax and it is going to stop trying, usually because it has exhausted all of the retries.

#### , Resubmitting

When this is added to a message it means that the system is automaticall resubmitting the job to try to correct the problem.

**SUPPLIER CLEARINGHOUSE  
CERTIFICATE OF ELIGIBILITY**

CERTIFICATE EXPIRATION DATE: 12-31-2015

The Supplier Clearinghouse for the Utility Supplier Diversity Program of the California Public Utilities Commission hereby certifies that it has audited and verified the eligibility of:

***KRC Safety Co., Inc.  
of Visalia, California as a MBE***

pursuant to Commission General Order 156, and the terms and conditions stipulated in the Verification Application Package. This Certificate shall be valid only with the Clearinghouse seal affixed hereto.

Eligibility must be maintained at all times, and renewed within 30 days of any changes in ownership or control. Failure to comply may result in a denial of eligibility. The Clearinghouse may reconsider certification if it is determined that such status was obtained by false, misleading or incorrect information. Decertification may occur if any verification criterion under which eligibility was awarded later becomes invalid due to Commission ruling. The Clearinghouse may request additional information or conduct on-site visits during the term of verification to verify eligibility.

This certification is valid only for the period that the above named firm remains eligible as determined by the Clearinghouse. Utility companies may direct inquiries concerning this Certificate to the Clearinghouse at 800-359-7998 in Los Angeles.

**SCS&T Proposal No. 14-0244**

**Mr. Tom Mehas  
Skanska USA Civil West California District, Inc.  
1995 Agua Mansa Road  
Riverside, California 92509**

**Subject: BUDGET ESTIMATE FOR  
ASPHALT CONCRETE TESTING SERVICES  
11-2M4404 ROUTE 111 OVERLAY  
IMPERIAL COUNTY, CALIFORNIA**

Dear Mr. Mehas:

In accordance with your request, Southern California Soil and Testing, Inc. (SCS&T) is pleased to submit this budget estimate to provide quality control testing services for the subject project. We understand our work will consist of providing quality control testing services in accordance with Caltrans Section 39.

**COST INFORMATION**

We propose to provide our services on a time and materials basis according to the Schedule of Fees included in this budget estimate. Based on the above scope, we estimate our fees to be approximately **\$33,664**. A cost table presenting a breakdown of our estimate has been provided in this budget estimate. We will invoice for services performed at the specified unit rates for the quantities shown in the attached budget estimate. The estimated budget covers services specifically outlined in this proposal. Should additional services become necessary and/or requested, the additional services will be invoiced in accordance with the rates listed on the attached Schedule of Fees.

**DEFINITION OF RESPONSIBILITY**

The presence of our field representative will be for the purpose of observing the construction and reporting its general compliance with the approved plans and the applicable building codes. Our work does not include the supervision or direction of the contractor's work, his employees or agents. The contractor is responsible for his/her own work, and neither the presence of our field personnel nor the observation and testing by this firm should excuse him in any way for defects in his work. It should further be understood that we are not responsible for site safety. During the course of a subsurface investigation, heavy equipment may disrupt the site.

**LIMITS OF LIABILITY**

Consultant's liability for damages due to professional negligence will be limited to an amount not to exceed \$50,000 or our fees, whichever is greater. Client further agrees to notify any person or entity who may perform work or provide services in connection with any design, report, or study

prepared by Consultant of such limitation of professional liability, and to require, as a condition precedent to their performing any work or providing any services on the project, their written agreement that this limitation of Consultant's liability to all persons or entities arising out of or related to its services under this Agreement shall not exceed the above-stated limits. Because of the nature of subsurface investigations, we may cause damage to your site. It shall be the responsibility of the client and not SCS&T to return the site to its original condition.

#### **AUTHORIZATION**

This budget estimate will be valid for 90 days. SCS&T will accept authorization to proceed upon approval of this proposal and receipt of the Professional Services Agreement signed by an officer of your company. We will in turn, send you a fully executed original for your records. SCS&T appreciates this opportunity to provide our professional services and is most interested in becoming a member of your consultant team. SCS&T has considerable experience in successfully providing these services and we are confident that we can provide them in a timely and cost effective manner.

Should you have any questions regarding this budget estimate or if we may be of further service, please contact our office at 619.280.4321.

Respectfully Submitted,  
**SOUTHERN CALIFORNIA SOIL AND TESTING, INC.**

## TERMS AND CONDITIONS

All field services will be charged from portal to portal with the following minimum charges:

- A one-hour minimum charge will be applied to materials sampling and sample pickups.
- A two-hour show-up charge will be applied to any service canceled after 4:00 PM the previous day.
- A four-hour minimum charge will be applied to all field services.
- A six-hour charge will be applied to all field services requiring between four and six hours of work.
- An eight-hour charge will be applied to all field services requiring between six and eight hours of work.
- Work in excess of eight hours up to twelve hours in a single day, will be charged in 30-minute increments at 1.5 times the standard rate.
- Work in excess of twelve hours in a day will be charged in one-hour increments at 2.0 times the standard rate.
- The Director of Industrial Relations (DIR) may dictate periodic increases to the prevailing wage during the duration of this project/contract. SCS&T will increase our hourly rate on the effective date determined by the DIR, by a factor of 1.8 times the hourly increase.
- A two and one-half percent (2.5%) fee will be charged for project administrative tasks.
- Certified payroll can be provided if requested. A one-hour administrative charge will be invoiced per pay period.

Work performed by field or laboratory personnel outside of normal business hours (6:30 AM – 5:00 PM) will be charged a premium on a case-by-case basis.

Reimbursables: SCS&T reserves the right to charge for services outside of the contract in the form of reimbursables. These items include, but are not limited to the following consumables: magnetic particle powder, ultrasonic copulent, concrete cylinder cans, etc. The following are also included: mileage, travel time, equipment rental, administrative time utilized for photocopying, distribution lists, express mailing, archive searches, etc.

Subcontracted services that are included on the Fee Schedule will be charged at those rates. Subcontracted services not included in our Fee Schedule will be charged at cost plus 20 percent. Per Diem charges will be applied to projects outside a 50-mile radius of our office. Mileage will be charged at the rate of 50 cents per mile for distances over 50 miles from the location of dispatch.

Invoices for all services completed or in progress will be submitted bi-monthly. These invoices are due in full upon presentation to the client. Invoices outstanding over 30 days will be considered past due. A finance charge will be computed at the rate of 1.5 percent per month, which is an annual rate of 18 percent and charged on all past due accounts. If legal action is brought on delinquent accounts, the prevailing party shall be entitled to recover its reasonable attorney's fees and other costs of collection.

Our professional engineering, geology, and inspection services are performed in accordance with the current standards of practice in the industry. No other warranty or representation, express or implied, is made or intended.

Should any services provided by SCS&T for this project become subject to state or federal prevailing wage requirements, SCS&T will be compensated for those services at prevailing wage rates, from the date these requirements become effective through completion of the project.

Phone No.:	951/684-5360	Re:	Bid for QC Services & Material Testing – Caltrans 11-2M4404

---

Dear Estimator,

Attached is our bid to provide you with Materials Testing, Inspection, and related Quality Control Services for the subject project.

We are currently providing similar services to Caltrans projects all over California. Our facilities and testing staff are accredited by Caltrans. We have the capabilities to provide all services for this project in-house.

We are a Caltrans and State Certified SBE / DBE (#35308) and are Signatory to Operating Engineers.

We have delineated the entire QC Testing and Inspection Scope into individual services. Services should be evaluated and selected based on your in-house capabilities and the capabilities of materials suppliers.

Should you have any questions, or need a more accurate bid based on your estimated construction schedule or anticipated placement quantities, I hope you will not hesitate to contact me.

Best Regards,

Frank Melo

**Subject: Disadvantaged Business Enterprise Certification File #5988**

Dear Mr. Johnson:

We are pleased to advise you that after careful review of your application and supporting documentation, the San Mateo County Transit District (District) has determined that your firm meets the eligibility standards to be certified as a Disadvantaged Business Enterprise (DBE) as required under the U.S. Department of Transportation (U.S. DOT) Regulation 49 CFR Part 26, as amended.

Your firm will be listed in the California Unified Certification Program (CUCP) database of certified DBEs under the following specific areas of expertise that you have identified on the NAICS Codes form of the Application Package:

<u>NAICS Codes</u>	<u>Description</u>
511110	Newspaper Publishers
518210	Data Processing, Hosting, and Related Services
511120	Periodical Publishers

Your DBE certification is good for five years from the date of this letter and applies only for the above codes. You may review your firm's information in the CUCP DBE Database which can be accessed at the California Department of Transportation's website at [www.dot.ca.gov/hq/bep/](http://www.dot.ca.gov/hq/bep/). Any additions and revisions must be submitted to the District for review and approval.

Near the end of your five-year certification period, your entire file will be reviewed in order to ascertain continued DBE certification status. You will be notified of the pending DBE status review and any documentation updates necessary several weeks prior to the renewal due date.

The Regulations also require annual updates during this five-year period. In order to assure continuing DBE status, you must submit annually a No Change Declaration form (which will be sent to you), along with supporting documentation. Based on your annual submission that no change in ownership and control has occurred, or if changes have occurred, they do not affect
