If you have any questions, please contact: District PDL/TC or [diane.falls@dot.ca.gov](mailto:diane.falls@dot.ca.gov)

Please enroll via LMS, Course Code: 101585, LMS Session #:

Students will gain an understanding of the Complete Streets approach and its application to planning, preliminary conceptual design, and implementation. Students will learn how to plan for future Complete Streets as well as how to retrofit existing streets to provide for all modes of transportation. This training consists of the following:

- Complete Streets Policy & Planning Overview
- New Planning Paradigm
- Operationalizing Complete Streets and Smart Growth
- Field Audit for Neighborhood Walkability and Multi-Modal Travel Access
- Design Standards and Guidance
- Roadway Design Concepts
- Field Audit for Streets Redesign for Walking and Multi-Modal Travel Access

Target Audience: Transportation Planners, Engineers from cross-functional areas & related staff.

This course grants 1.6 CEUs and 16 AICP CM credits (AICP CM credits pending)
