

Corridor Overview

State Route 12 supports interregional, recreational, commuter, agricultural and military traffic between the Bay Area and the San Joaquin Valley. State Route 12 is important for recreational travelers destined for Napa, Solano and Sonoma Counties as well as the Delta. It also serves as a commute corridor and a significant interregional goods movement corridor because of its direct access to Interstate 80, Interstate 5 and Travis Air Force Base.

GOAL

The goal of the study process is to develop a multi-jurisdictional corridor management plan that includes stakeholder input and consensus on a set of near-and long-term improvement strategies for State Route 12.

The Draft Plan builds upon and updates existing studies for the State Route 12 corridor and incorporates the most recent transportation forecasts based upon current land use plans for each of the counties located along the corridor.

State Route 12 passes through **4** counties (Napa, Solano, Sacramento, and San Joaquin), **3** Caltrans Districts (3, 4 and 10), developed areas including Suisun City, Fairfield and Rio Vista, rural communities, farmlands and portions of the Delta. The route crosses **2** major Interstate routes (Interstate 80 and Interstate 5), **2** railway lines (Union Pacific and Sacramento Northern), navigable water bodies with **3** bridges (most notably the Sacramento River Crossing at Rio Vista) and numerous at-grade and grade separated intersections.
