STIP AMENDMENT 02S-022 ACTION

ACTION UPDATE FROM NOTICE

This item was noticed at the August 2002 Commission meeting; the Commission requested the Action Item be placed on the consent calendar, as originally proposed.

SUMMARY

This amendment splits the Magnolia Avenue Corridor Improvement project funded with \$6,418,000 in Regional Improvement Program (RIP) funds and \$3,977,000 in local funds in FY 2006-07 into two projects to enable the City of Corona to expedite a portion of the work off the state highway, as follows: 1) Improvements at the Magnolia Avenue/I-15 Interchange to be implemented by the Department funded with \$6,418,000 in RIP funds and \$1,834,000 in local funds in FY 2006-07; and 2) Local road improvements from Rimpau Avenue to Sixth Street to be implemented by the City of Corona funded with the remaining \$2,143,000 local funds in FY 2002-03.

RECOMMENDATION

The Riverside County Transportation Commission (RCTC) is requesting this amendment. The Department of Transportation (Department) has reviewed the amendment and found it to be consistent with the California Transportation Commission (Commission) adopted State Transportation Improvement Program (STIP) guidelines.

RESOLUTION

Resolved, that the California Transportation Commission (Commission) revise the 2002 State Transportation Improvement Program (STIP) at the end of the 30-day notice period as follows:

Revises:

BACKGROUND

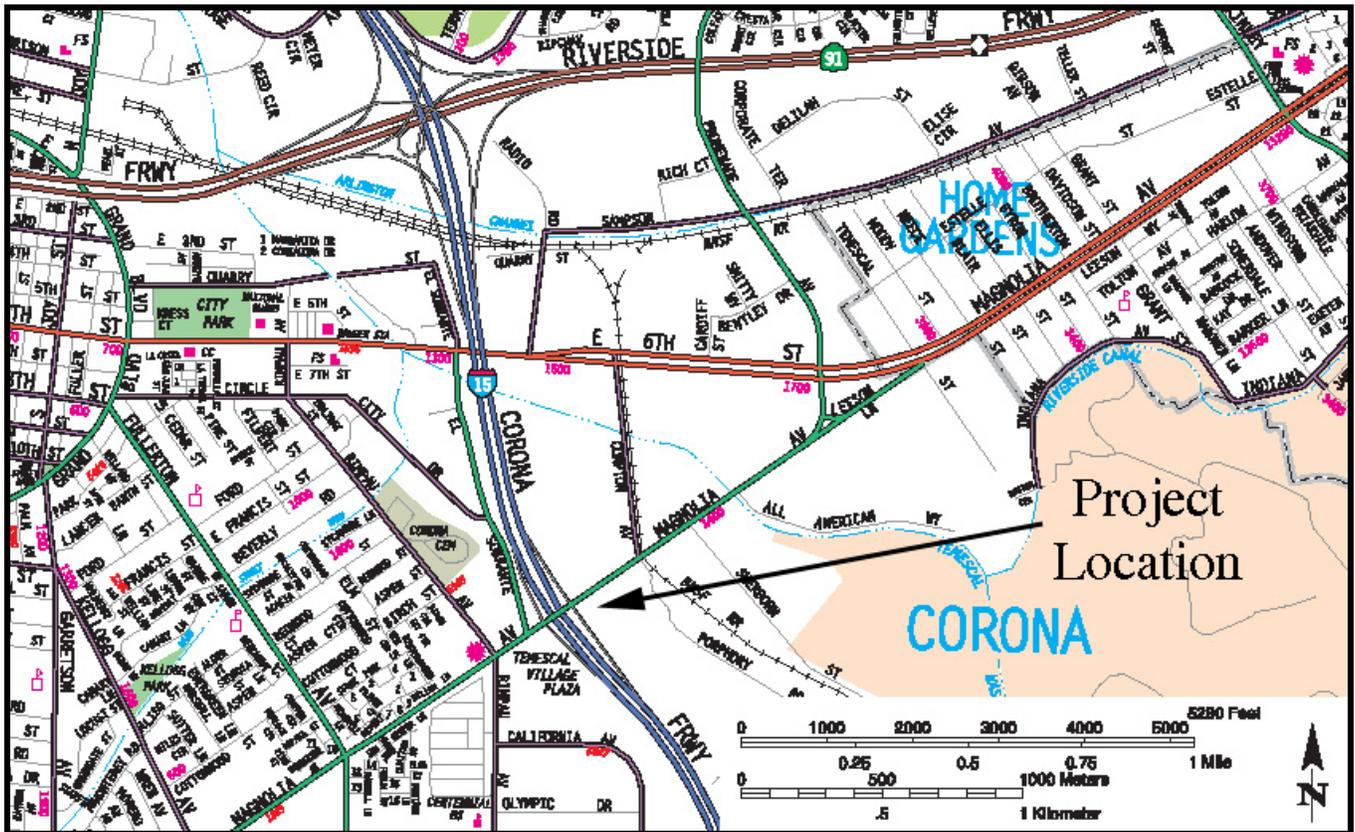

This amendment splits the Magnolia Avenue Corridor Improvement project funded with \$6,418,000 in Regional Improvement Program (RIP) funds and \$3,977,000 in local funds in FY 2006-07 into two projects to enable the City of Corona to expedite a portion of the work off the state highway, as follows: 1) Improvements at the Magnolia Avenue/I-15 Interchange to be implemented by the Department funded with \$6,418,000 in RIP funds and \$1,834,000 in local funds in FY 2006-07; and 2) Local road improvements from Rimpau Avenue to Sixth Street to be implemented by the City of Corona funded with the remaining \$2,143,000 local funds in FY 2002-03.

The Department's implemented project consists of various congestion mitigation and traffic safety improvements along Magnolia Avenue and the I-15 interchange area in the eastern part of the City of Corona. The proposed improvements consist primarily of safety improvements related to the high volume of truck traffic. Splitting the local road portion of work from the currently programmed project will allow the City of Corona to immediately proceed with local improvements that were originally programmed in FY 2006-07.
