

Memorandum

To: CHAIR AND COMMISSION
CALIFORNIA TRANSPORTATION COMMISSION

CTC Meeting: August 6, 2013

Reference No.: 4.7
Action Item

From: STEVEN KECK
Acting Chief Financial Officer

Prepared by: Ron Sheppard
Acting Division Chief
Budgets

Subject: **ADOPTION OF THE 2014 STIP AND AERONAUTICS ACCOUNT FUND ESTIMATES:
RESOLUTION G-13-08**

RECOMMENDATION:

The California Department of Transportation (Department) recommends the California Transportation Commission (Commission) to approve Resolution G-13-08 to adopt the Proposed 2014 State Transportation Improvement Program (STIP) Fund Estimate and approve the Proposed 2014 Aeronautics Account Fund Estimate.

ISSUE:

Section 14525(a) of the Government Code (GC) requires the Commission to adopt the Fund Estimate in each odd year by August 15. Resolution G-13-08 and the Proposed 2014 Aeronautics Account Fund Estimate have been updated based on Commission and Commission staff recommendations, and include the state and federal funding available for programming over the respective fund estimate periods.

BACKGROUND:

Sections 14524 and 14525 of the GC require the Department to present a STIP Fund Estimate to the Commission by July 15, and the Commission to adopt a Fund Estimate by August 15 of each odd-numbered year, respectively. The purpose of the Fund Estimate is to forecast all federal and state funds reasonably expected to be available for programming in the subsequent STIP. Each even-numbered year, the Commission is required to adopt a STIP based on the funding identified in the adopted Fund Estimate.

Resolution G-13-08
Summary of the Proposed 2014 STIP Fund Estimate

RESOLUTION G-13-08

APPENDIX G – RESOLUTION TO ADOPT THE 2014 STIP FUND ESTIMATE

CALIFORNIA TRANSPORTATION COMMISSION

ADOPTION OF THE 2014 FUND ESTIMATE

- 1.1. WHEREAS, Sections 14524 and 14525 of the Government Code require the Department of Transportation (Department) to present, and the California Transportation Commission (Commission) to adopt, a biennial fund estimate to include and estimate all State and federal Funds reasonably expected to be available for the biennial State Transportation Improvement Program (STIP), including the amount that may be programmed in each county for regional improvement programs; and
- 1.2. WHEREAS, on January 8, 2013, the Department presented an overview of the fund estimate process and schedule; and
- 1.3. WHEREAS, on May 7, 2013, the Department presented, and the Commission approved the 2014 Fund Estimate assumptions; and
- 1.4. WHEREAS, on June 11, 2013, the Department presented to the Commission the Draft 2014 Fund Estimate; and
- 1.5. WHEREAS, on July 18, 2013, the Commission held a workshop on the Proposed 2014 Fund Estimate to consider public comment, and indicated that the adoption of the 2014 Fund Estimate would be scheduled for August 6, 2013; and
- 1.6. WHEREAS, on August 6, 2013, the Department will present to the Commission an updated, proposed 2014 Fund Estimate; and
- 1.7. WHEREAS, the proposed 2014 Fund Estimate identifies new program capacity of approximately \$1.2 billion in new highway STIP capacity, and over-programming of approximately \$379 million in the Public Transportation Account for the six-year period covering 2013-14 through 2018-19; and
- 1.8. WHEREAS, the Proposed 2014 Fund Estimate includes annual programming targets, adjusted for STIP amendments and allocations through June 2013.

- 2.1 NOW THEREFORE BE IT RESOLVED, that the California Transportation Commission does hereby adopt the 2014 STIP Fund Estimate, as presented by the Department on August 6, 2013, with programming in the 2014 STIP to be based on the statutory funding identified; and
- 2.2 BE IT FURTHER RESOLVED, that the Commission requests that the Department, in cooperation with Commission staff, distribute copies of the 2014 Fund Estimate to each regional agency and county transportation commission.

SUMMARY OF THE PROPOSED 2014 STATE TRANSPORTATION IMPROVEMENT PROGRAM FUND ESTIMATE

EXECUTIVE SUMMARY

On August 6, 2013, the California Transportation Commission (Commission) adopted the 2014 State Transportation Improvement Program (STIP) Fund Estimate (FE). The STIP FE is a biennial estimate of all resources available for the state's transportation infrastructure over the next five-year period, and establishes the program funding levels for the STIP and the State Highway Operation and Protection Program (SHOPP). The 2014 STIP FE period covers state fiscal years 2014-15 through 2018-19.

STIP Capacity

STIP projects add capacity to the state's transportation infrastructure. The 2014 STIP FE includes a total estimate of \$3.4 billion in program capacity over the five-year FE period. Program capacity represents the total value of projects that can be funded each year, and includes construction, right-of-way (R/W), and support. Support consists of preliminary engineering, planning, design, and construction engineering. The 2014 STIP FE displays a new, estimated STIP program capacity of almost \$1.2 billion over the FE period. For comparison, the 2012 STIP FE displayed a forecast of \$1.5 billion in new STIP program capacity over the same five-year period. As a result of the new STIP program capacity forecasted in the 2014 STIP FE, some projects currently programmed in the STIP may need to be delayed (reprogrammed into a later year).

- STIP capacity **does not** include federal commitments for Transportation Enhancements (TE) because Moving Ahead for Progress in the 21st Century (MAP-21) eliminated dedicated funding for TE.
- STIP capacity in the future will continue to depend primarily on retail prices and consumption of gasoline and diesel. Both of these sources are difficult to forecast with any certainty due to the current economic climate.

SHOPP Capacity

SHOPP projects consist of major rehabilitation work on the State Highway System. The 2014 STIP FE forecasts SHOPP program capacity of \$11.4 billion over the five-year FE period. Similar to the STIP, SHOPP program capacity represents the total value of projects that can be funded each year, and includes construction, R/W, and support. New SHOPP capacity of over \$7.3 billion is estimated over the FE period. In comparison, the 2012 STIP FE displayed a forecast of \$6.0 billion in new SHOPP program capacity.

- The State Highway Account (SHA), which is the primary funding source of the SHOPP, has a fund balance that is highly volatile in nature. The cash balance in this account fluctuates daily.
- The SHOPP is constrained over the entire FE period. While the 2014 STIP FE forecasts an average of \$2.3 billion of SHOPP program capacity each year over the FE period, the annual SHOPP goal-constrained need is roughly \$8.2 billion as identified in the 2013 Ten-Year SHOPP Plan. As a result of the approximately \$5.9 billion annual shortfall, potential impacts may include delays of needed projects, an inability to fix new and/or ongoing deterioration of the highways, and cost increases over the FE period.

ESTIMATED CAPACITY BY PROGRAM Fund Estimate Five-Year Period

2014 STIP FE SHOPP Program Capacity (\$ in millions)								
	2013-14	2014-15	2015-16	2016-17	2017-18	2018-19	5-Year Total	6-Year Total

Note: Numbers may not add due to rounding.

¹ Includes outstanding encumbrances.

² Excise tax revenues are based on the 2013-14 projection from the 2013-14 Governor's Budget and escalated each year from 2013-14 through 2016-17 per assumption Aero 2.

** A&D for 2015-16 and 2016-17 will be determined when federal budget funding has been approved. Past action by the Commission dictates that AIP Match receives priority for available funds.

COUNTY AND INTERREGIONAL SHARE ESTIMATES

The STIP consists of two broad programs, the regional program funded from 75 percent of new STIP funding and the interregional program funded from 25 percent of new STIP funding. The 75 percent regional program is further subdivided by formula into County Shares. County Shares are available solely for projects nominated by regions in their Regional Transportation Improvement Programs (RTIP). A detailed explanation of this methodology is included in the County Share portion of this document.

The 2014 STIP Fund Estimate (FE) indicates that there are negative program capacities for the Public Transportation Account (PTA) and the federal Transportation Enhancement Program (TE); therefore, programming targets for the PTA and TE are not needed for the 2014 STIP cycle. PTA funds in the STIP are severely limited and will remain so in the future, and the TE program has been eliminated in the new federal transportation act (MAP-21, Moving Ahead for Progress in the 21st Century Act) signed by the President on July 6, 2012. This means that many of the transit and TE projects currently programmed in the STIP will either have to be delivered with other funds (if the projects are eligible for other STIP fund types) or be unprogrammed. In particular, TE reserve amounts must be unprogrammed.

The following tables display STIP county and interregional shares and targets for the 2014 STIP.

Table 1. Reconciliation to County and Interregional Shares

This table lists the net changes to program capacity from the 2014 STIP FE to the capacity used in the County and Interregional Shares. This table also separates the program capacity by PTA, non-PTA (the State Highway Account, Federal Trust Fund, and the Transportation Facilities Account), and Transportation Enhancements (TE) capacity. The table is based on Commission actions through June 30, 2013.

Table 2. Summary of Targets and Shares

This table takes into account all county and interregional share balances through the June 2013 Commission meeting, as well as new statewide STIP capacity. For each county and the interregional share, the table identifies the following target amounts:

- Total Target: This target is determined by calculating the STIP formula share of all new capacity through 2018-19. The calculation of this target is shown in Table 3.
- Maximum: This target is determined by estimating the STIP formula share of all available new capacity through the end of the county share period in 2019-20. This represents the maximum amount that the Commission may program in a county, other than advancing future shares, pursuant to Streets and Highways Code Section 188.8(j), to a county with a population of under 1 million. The calculation of this target is shown in Table 4.

Table 3. Calculation of New Programming Targets and Shares - Total Target

This table displays factors in the calculation of the Total Target.

- Net Carryover: These columns display the current share status, including STIP allocations and amendments through the June 23, 2013 Commission meeting. Positive numbers indicate unprogrammed shares, and negative numbers indicate shares that were advanced.
- 2014 STIP Target Through 2018-19: This section calculates the total target. The total target is the formula distribution of new capacity available through 2018-19 adjusted for carryover balances and lapses.
 - Formula Distribution: This is the 2014 STIP share through 2018-19. It is the formula distribution of program capacity available through 2018-19. The amount distributed is the new capacity less the unprogrammed shares, lapses, and the decrease in advances.
 - Add Back Lapses 11-12/12-13: This identifies the amount of projects lapsed in 2011-12 and 2012-13. These amounts are credited back in the 2014 STIP Fund Estimate to county and interregional shares for the four-year share period beginning 2016-17.
 - Net Share (Total Target): This is the 2014 STIP target through 2018-19. The Net Share (Total Target) is calculated by adding to the Formula Distribution the lapses and the Unprogrammed Balance or Balance Advanced. In cases where the distribution of new capacity is insufficient to cover prior advances (i.e., the Net Share would be less than zero), a zero appears in the Net Share column.
 - Net Advance: Numbers in this column represent advances against future capacity. This occurs when the distribution of new shares (through 2018-19) is insufficient to cover prior advances.

Table 4. Calculation of New Programming Targets and Shares – Maximum

This table calculates the maximum amount that the Commission may program in a county, other than advancing future shares, pursuant to Streets and Highways Code Section 188.8(j), to a county with a population of under 1 million.

- Net Carryover: These columns display the current share status, including STIP allocations and amendments through the June 23, 2013 Commission meeting. Positive numbers indicate unprogrammed shares, and negative numbers indicate shares that were advanced.
- 2014 STIP Share Through 2019-20: This section estimates the maximum target. This is the formula distribution of estimated new capacity available through 2019-20 adjusted for carryover balances and lapses.
 - Formula Distribution: This column estimates the STIP share of the estimated new capacity through the county share period ending in 2019-20. It is the formula distribution of estimated program capacity available through the county share period ending in 2019-20. The amount distributed is the new capacity less the unprogrammed shares, lapses, and the decrease in advances.
 - Add Back Lapses 11-12/12-13: This identifies the amount of projects lapsed in 2011-12 and 2012-13. These amounts are credited back in the 2014 STIP Fund Estimate to county and interregional shares for the four-year share period beginning 2016-17.
 - Net Share (Maximum): This target is the STIP share of all available new capacity through the end of the county share period in 2019-20. This represents the maximum

amount that the Commission may program in a county, other than advancing future shares, pursuant to Streets and Highways Code Section 188.8(j), to a county with a population of under 1 million. The Net Share (Maximum) is calculated by adding to the Formula Distribution the lapses and the Unprogrammed Balance or Balance Advanced. In cases where the distribution of new capacity is insufficient to cover prior advances (i.e., the Net Share would be less than zero), a zero appears in the Net Share column.

- Net Advance: Numbers in this column represent advances against future capacity. This occurs when the distribution of new shares (through 2019-20) is insufficient to cover prior advances.

Table 5. Planning, Programming, and Monitoring (PPM) Limitations

State law provides that up to 5% of a county share may be expended for planning, programming, and monitoring (PPM). This limitation is applied separately to each four-year county share period.

- Total: This section identifies the shares for the 2016-17 through 2018-19 share period, based upon the 2012, and 2014 Fund Estimates. These are the amounts against which the 5% is applied.
- 5% PPM Limitation: These are the PPM limitations for the 2016-17 through 2018-19 share period. The PPM limitations for the 2012-13 through 2015-16 are not shown here. They have not changed since the 2012 STIP.

Cumulative Difference	\$0	(\$42)	(\$103)	(\$148)	\$527	\$1,197		

Notes:

General note: Program capacity includes construction, right-of-way, and capital outlay support.

¹ 2012 SHOPP Program totals from Transportation Programming as of June 30, 2013.

² 2012 STIP Program estimates as of June 30, 2013 (provided by Commission staff).

- No changes in SHOPP capacity from Draft FE.
- Total STIP capacity increased by \$271 million from Draft FE.

Changes From Draft 2014 FE

- STIP capacity increased by \$271 million from the draft FE.
 - Includes \$156 million increase in base year (2013-14)
 - TE program capacity has been eliminated
 - Amended 2012 STIP program estimates
- No PTA capacity over 2014 FE period.
 - Amended intercity rail commitments

Next Steps

- **Adopt Proposed 2014 STIP FE capacity**
 - Adoption required by August 15 per statute.
- **Department will complete publication of 2014 STIP FE book in the next 30 days**
 - No changes to capacity and no material changes to tables if adopted today.
 - Department will work with Commission staff to finalize book.
- **Department will upload 2014 STIP FE book to CTC Liaison website**
