

## CHAPTER 2M. RECREATIONAL AND CULTURAL INTEREST AREA SIGNS

### Section 2M.01 Scope

#### Support:

01 Recreational or cultural interest areas are attractions or traffic generators that are open to the general public for the purpose of play, amusement, or relaxation. Recreational attractions include such facilities as parks, campgrounds, gaming facilities, and ski areas, while examples of cultural attractions include museums, art galleries, and historical buildings or sites.

02 The purpose of recreation and cultural interest area signs is to guide road users to a general area and then to specific facilities or activities within the area.

#### Option:

03 Recreational and cultural interest area guide signs directing road users to significant traffic generators may be used on freeways and expressways where there is direct access to these areas as provided in Section 2M.09.

04 Recreational and cultural interest area signs may be used off the road network, as appropriate.

### Section 2M.02 Application of Recreational and Cultural Interest Area Signs

#### Support:

01 Provisions for signing recreational or cultural interest areas are subdivided into two different types of signs: (1) symbol signs and (2) destination guide signs.

#### Guidance:

02 *When highway agencies decide to provide recreational and cultural interest area signing, these agencies should have a policy for such signing. The policy should establish signing criteria for the eligibility of the various types of services, accommodations, and facilities. These signs should not be used where they might be confused with other traffic control signs.*

#### Option:

03 Recreational and cultural interest area guide signs may be used on any road to direct persons to facilities, structures, and places, and to identify various services available to the general public. These guide signs may also be used in recreational or cultural interest areas for signing non-vehicular events and amenities such as trails, structures, and facilities.

#### Support:

04 Section 2A.12 contains information regarding the use of recreational and cultural interest area symbols on other types of signs.

#### Support:

05 The recreational and cultural interest area signs are supplemental signs and are subject to the same spacing and number of messages limitations set forth in Chapters 2A, 2D and 2E. Under these limitations, the supplemental destination, recreational and cultural interest area signs compete for signing on the basis of traffic service.

#### Guidance:

06 *Recreational area signs to National Parks and State Parks should normally include the name of the area. County and City Park signs should not normally include the name.*

#### Option:

07 Recreational area signs may be placed for the following facilities:

- E. Campgrounds in National Forests or State Parks may be signed from conventional highways when the entrances are located on the highway. An advance sign reading "Campground 1/4 mile" may be placed. Signs at the immediate entrance will be placed by the agency having jurisdiction over the campground.

- F. Major rural recreational areas may be signed by name. When a recreational area is served by more than a single exit, the appropriate colored NEXT X EXITS (E9) sign may be used. Normally, the sign will include the name of the area and the text "RECREATIONAL AREA".
- G. In rural recreational areas, guide signs may be supplemented with white on brown symbol signs mounted below indicating recreational facilities available to the road users.

*04 Memorial or dedication signs should have a white legend and border on a brown background.*

**Standard:**

**05 Where such memorial or dedication signs are installed on the mainline, (1) memorial or dedication names shall not appear on directional guide signs, (2) memorial or dedication signs shall not interfere with the placement of any other necessary signing, and (3) memorial or dedication signs shall not compromise the safety or efficiency of traffic flow. The memorial or dedication signing shall be limited to one sign at an appropriate location in each route direction, each as an independent sign installation.**

**06 Memorial or dedication signs shall be rectangular in shape. The legend displayed on memorial or dedication signs shall be limited to the name of the person or entity being recognized and a simple message preceding or following the name, such as "Dedicated to" or "Memorial Parkway." Additional legend, such as biographical information, shall not be displayed on memorial or dedication signs. Decorative or graphical elements, pictographs, logos, or symbols shall not be displayed on memorial or dedication signs. All letters and numerals displayed on memorial or dedication signs shall be as provided in the "Standard Highway Signs and Markings" book (see Section 1A.11). The route number or officially mapped name of the highway shall not be displayed on the memorial or dedication sign.**

**07 Memorial or dedication names shall not appear on supplemental signs or on any other information sign on or along the highway or its intersecting routes.**

**Option:**

**08 The lettering for the name of the person or entity being recognized may be composed of a combination of lower-case letters with initial upper-case letters.**

*Guidance:*

*09 Freeways and expressways should not be signed as memorial or dedicated highways.*

**Support:**

**10 Named highways are officially designated and shown on official maps and serve the purpose of providing route guidance, primarily on unnumbered highways. A highway designated as a memorial or dedication is not considered to be a named highway. Section 2D.53 contains provisions for the signing of named highways.**

*Guidance:*

*11 Route numbers and cardinal directions should be used in signing to freeways in metropolitan areas.*

**Option:**

**12 At freeway to freeway interchanges, overhead signing by freeway name may be included in primary directional signs only when the freeway name is well recognized and space permits. At other than freeway to freeway interchanges, Interchange Guide (G77(CA) and G78(CA) series) signs including both the freeway name and appropriate route shield may be used to direct to the named freeway.**

**13 Ground-mounted freeway name signs in rural areas may be installed beyond major freeway interchanges and at approximate 10 mile intervals.**

*Guidance:*

*14 Freeway names should not be used on signs directing to freeways in rural areas.*

**Option:**

**15 The Legislature, by legislative action, may designate names for State highways and bridges. The Legislature may request memorial named highway facilities to be designated with signs instead of a plaque and specify that the signs are to be furnished and installed "at no cost to the State".**

**Support:**

**16 Caltrans is authorized to expend reasonable sums for plaques.**

**Standard:**

**17 When highway facilities are named by the Legislature, the following guidelines shall apply according to the type of facility:**

- 1. Bridges.** One sign shall be placed at the approach ends of the bridge, underpass, tunnel or other structure with the name of the memorialized individual. Normally this would consist of an additional plate attached to the existing Memorial Bridge (G11(CA) series) sign. The color and size of the plate shall match the sign. The memorial name shall be smaller so that it does not dominate the G11(CA) sign.

2. *Freeways and Highways.* One sign shall be placed at each terminal. Signs shall be white on green. When used, the Memorial Highway (G12-1(CA) & G12-2(CA)) signs (see Figure 2M-101(CA)) shall be placed at the beginning of the highway segment memorialized by the Legislature.
3. *Rest Areas.* One sign shall be placed in advance of each named rest area. Normally a one line message would be placed above the REST AREA (X MILE) (D5-1) sign. The sign shall be white on blue.
4. *Interchanges.* One bronze plaque shall be installed at each legislatively named interchange. Memorial name signs shall not be erected at interchanges.
5. *Vista Points.* One bronze plaque shall be installed at each legislatively named vista point. Memorial name signs shall not be installed in advance of vista points.

*Guidance:*

- 18 *The size, color, and retroreflectorization of memorial named signs should match existing signs associated with the facility.*

**Standard:**

- 19 **Standard letter size, type and stroke widths shall be used.**

**Support:**

- 20 The word "memorial" is not normally included on the sign.

*Guidance:*

- 21 *Bronze plaques normally should bear the name in 1 inch letters. However, the plaque should be no larger than 30 x 30 inches.*
- 22 *When the highway is a State facility, the following procedure should be followed when legislation includes a provision that either memorial signs or plaques be purchased and installed at no cost to the State.*

- 23 *The District Director will:*

- A. *Contact the sponsor of the legislation to determine appropriate wording for the signs or plaques.*
- B. *Prepare an estimate of cost for the signs or plaque installation, and submit the estimate to the sponsor.*
- C. *After receipt of the funds from the sponsor, purchase and install the signs or plaque.*
- D. *Notify the author and sponsor when the memorial signs or plaque are ready so that a dedication can be arranged.*
- E. *Maintain all signs and plaques within the right-of-way.*

- 24 *The sponsor will:*

- A. *Collect donations from individuals who appreciated the services provided by the memorialized individual.*
- B. *Submit advance payment for the signs or plaque and installation to Caltrans.*
- C. *Arrange for suitable public dedication.*

**Support:**

25 When legislation does not include the "at no cost to the State" provision, signs and plaques will continue to be furnished and installed at State expense.

26 Existing named highway facilities that have been designated with a bronze plaque are exempt from the above provisions and no signs are required.

**Option:**

27 The Memorial Bridge (G11-4A(CA) and G11-4B(CA)) signs (see Figure 2M-101(CA)) may be placed above an existing Inventory Marker (G11-1(CA), G11-2(CA), G11-4(CA) or G11-5(CA)) when an appropriate authority has requested that a highway facility be designated as a memorial facility.

28 The Memorial Bridge and Inventory Marker (G11-8(CA) and G11-9(CA)) combination signs (see Figure 2M-101(CA)) may be placed when an appropriate authority has requested that a highway facility be designated as a memorial facility.

*Guidance:*

29 *The Inventory Markers should be placed at each end of a structure, with the bottom of the sign even with the top of the bridge rail.*

**Support:**

- 30 The official name and number of structures on State highways are determined by Caltrans' Office of Structures Design.

**Option:**

31 The Named State Highway (SG1(CA)) sign may be used to identify a named State highway when required by legislation or when determined necessary to provide traveler information.

### Victims Memorial Program Signs (S35(CA) Series)

**Support:**

<sup>32</sup> Refer to Streets and Highways Code Section 101.10.

**Option:**

<sup>33</sup> The PLEASE DON'T DRINK AND DRIVE (S35(CA)) sign (see Figure 2M-101(CA)) may be placed on any state highway upon request from an immediate family member of a person who was killed by a driver intoxicated with drugs or alcohol, in memory of the victim.

**Standard:**

<sup>34</sup> The IN MEMORY OF XXX – 1 PERSON (S35-1(CA)), IN MEMORY OF XXX – 2 PERSONS (S35-2(CA)) or IN MEMORY OF XXX – 3 PERSONS (S35-3(CA)) sign (see Figure 2M-101(CA)) shall be placed below the S35(CA) sign.

<sup>35</sup> The following conditions shall be satisfied to qualify for a S35(CA) sign on a state highway:

- 1 At least one of the deceased victim's immediate family members requests a memorial sign. An immediate family member is a spouse, child, stepchild, brother, stepbrother, sister, stepsister, mother, stepmother, father or stepfather.
- 2 The accident occurred on or after January 1, 1991.
- 3 Either (a) or (b) is true:
  - a. The intoxicated driver was convicted of second degree murder, or gross vehicular manslaughter, or vehicular manslaughter.
  - b. The intoxicated driver died or could not be prosecuted because of mental incompetence.
- 4 Note: An intoxicated driver who died does NOT qualify as a victim.

<sup>36</sup> The placement of the S35(CA) sign on state highways shall be per the following requirements:

1. Signs will be installed in accordance with applicable Caltrans policies and standards for signs. This includes posts, hardware, materials, vertical, longitudinal, and lateral positioning.
2. Caltrans will NOT install or maintain a memorial sign if there is written opposition from any immediate family member.
3. Only one sign will be installed in one direction of travel on the right side of the state highway in close proximity to where the accident occurred at a location where it is safe and practical to do so.
4. Caltrans will maintain the sign for 7 years or until the condition of the sign has deteriorated to a point where it is no longer serviceable, whichever occurs first.
5. Only one sign will be installed per accident. Multiple victim names may appear on the sign.
6. A sign will NOT be installed in the median of any state highway.

### Section 2M.101(CA) Historical Landmark Signs (G13-1(CA), G13-2(CA) and G14(CA))

**Standard:**

<sup>01</sup> The Historical Landmark (G13-1(CA) and G13-2(CA)) signs and the Advance Historical Landmark (G14(CA)) sign shall have a brown legend and border on a cream colored background.

**Option:**

<sup>02</sup> The G13-1(CA), G13-2(CA) and G14(CA) signs may be in addition to the normal compliment of signs, but minimum spacing will be maintained.

<sup>03</sup> The G13-1(CA), G13-2(CA) and G14(CA) signs may be placed directing to Historical Landmarks that are registered with the Department of Parks and Recreation.

**Standard:**

<sup>04</sup> On freeways, the G13-1(CA), G13-2(CA) and G14(CA) signs shall be limited to those more important and better known landmarks where some physical evidence remains, such as missions, forts, state monuments, etc., rather than mere sites of former buildings or happenings.

<sup>05</sup> The Office of Historic Preservation within the Department of Parks and Recreation (or the Resource Protection Division in the case of State Historic Park sites) shall be notified prior to the removal of existing G13-1(CA), G13-2(CA) and G14(CA) signs.

*Guidance:*

*06 The Historical Landmark (G13-1(CA)) sign should be used on conventional highways to guide road users by the most direct route to registered historical landmarks which are located within 5 miles of the highway. The sign should be placed not more than 150 feet in advance of the intersection on the right.*

*07 The Historical Landmark (G13-2(CA)) sign should be used on freeways to guide road users to the original 21 California Missions and other important well-known historical landmarks. See Section 123.5 of the Streets and Highways Code for signing to Missions. The G13-2(CA) sign should also be used on freeways to guide road users to historical landmarks that have a profound impact on the history of California as a whole.*

*Option:*

*08 Supplemental Destination (G86(CA) Series) signs (white text on green background) may be used on freeways where the landmark generates considerable traffic.*

**Standard:**

*09 These G86(CA) Series signs shall be followed up by standard Historical Landmark signs on the next exit ramps.*

*Guidance:*

*10 The Advance Historical Landmark (G14(CA)) sign should be used in advance of a registered historical landmark monument or plaque within or adjacent to the right of way. The sign should be placed 500 to 1500 feet in advance of the landmark or monument on the right, depending on the approach speed of traffic.*

**Section 2M.102(CA) POINT OF HISTORICAL INTEREST Sign (G15(CA))**

**Standard:**

*01 The POINT OF HISTORICAL INTEREST (G15(CA)) sign shall have a cream legend on a brown background.*

*02 The G15(CA) sign shall not be used on freeways.*

*Option:*

*03 The POINT OF HISTORICAL INTEREST (G15(CA)) sign may be used to direct the public to a historical point of interest that has been registered with the Office of Historic Preservation, Department of Parks and Recreation. The G15(CA) sign may be used on the right on city streets or conventional rural highways.*

*Support:*

*04 The G15(CA) sign is placed when requested by local authorities, after markers or other identification have been placed at the location and follow-up signs. If necessary, have been installed.*

**Section 2M.103(CA) Historic Route Signs (SG2(CA), SG2A(CA), S18(CA) and S25(CA))**

*Guidance:*

*01 The EL CAMINO REAL (SG2(CA)) sign should be used in combination with the Mission Bell assembly, to identify the original route of El Camino Real.*

*02 The HISTORIC EL CAMINO REAL (SG2A(CA)) sign should be used in combination with the Mission Bell assembly, to identify Historic El Camino Real.*

*Option:*

*03 The Historic Route (S18(CA)) sign may be used to identify a "Historic Route" when directed by the Legislature.*

*Support:*

*04 Caltrans and local agencies with portions of Historic Routes under their jurisdiction, upon application by an interested local agency or private group and receiving donations from non-State sources for the cost of the sign and their installation, will place these signs as requested.*

*05 The Historic Route 99 (S25(CA)) sign is used to identify "Historic Route 99".*

*06 Caltrans and local agencies with portions of former U.S. Route 99 currently under their jurisdiction, upon application by an interested local agency or private group and receiving donations from non-State sources for the cost of the sign and their installation, will place these signs as requested.*

*Guidance:*

*07 Suggested placement should be staggered in each direction at approximately 10 mile intervals on conventional highways and 25 mile intervals on freeways for the S18(CA) and S25(CA) signs.*

## **Section 2M.104(CA) Historic Bridge Signs (S29(CA), S29-1(CA) and S29-2(CA))**

### *Guidance:*

*01 The Historic Bridge (S29(CA) and S29-1(CA)) sign should be used to identify 280 bridges in the State that are of historical significance and appear in Caltrans' publication titled "Historical Highway Bridges of California". See Section 1A.11 for information regarding this publication.*

*02 The Advance Historic Bridge (S29-2(CA)) sign should be used in advance of a historic bridge to direct the public to the historic bridge.*
